SPECIAL TELEGRAN TO THE DISPATCH. CINCINNATI, August 4.—The joy of the eranks of Porkopolis is double distilled just now, for not only

parted leaving a lock of Mark Raldwin's hair for sweet rememberance sake but an new idol has been discovered. For the first time thi year Pittsburg was compelled to bow before Com iskey's men or Ohio soil.

no stage of the game were these arch ene mies of Cincinnati dangerous. The lead that was taken at the beginning was in creased as the innings rolled on and when the last man was victimized the crowd o 1,109 faithful burst into a cheer for the new pitcher winged at the depot by Captain Comiskey when the team was fleeing from Boston. Mike Sullivan and Jerry Harrington made a battery of giants and they worked together as nicely as if they had been paired all their lives.

Big Sullivan Was a Puzzle

For five straight innings not a hit had been made off the new man, and the only Pittsburgers who had reached bases, two in number, had been forced out by succeeding batsmen. The stands had enthused over one magnificent catch of Holliday's, Beckley was the sufferer, and he sent a scorcher hustling through the air toward the bulletin board. The "Bug" turned and ran, and as it was passing over his head he leaped upward and dragged it down. He had massacred a sure home run.

cred a sure nome run.

Sullivan opened up with lots of speed, and really good command. On no less than four occasions was he in the hole with three four occasions was he in the hole with three balls and no strikes, and he kept putting them over until he landed his men. As the game grew older he slackened up his pace, but of the eight hits charged against him, two were bunts to third and two more pop flies that dropped safe into short left field.

Bulewin Started in Wild Fashion. Baldwin hit McPhee as a starter and Baldwin hit McPhee as a starter and Welch never budged when an inshoot struck him. Latham bunted safely. Beckley killed a hit for O'Neil but McPhee scored, and after Welch had been caught at home on Holliday's infield tap Latham tallied on Miller's bad throw to spoil Holliday's steal. Miller's bad throw to spoil Holliday's steal Sullivan's grounder got away from Bierbauer in the fourth and i.e scored with on the latter's great push over Smith's head. Genins' hit was duplicated by Harrington in the sixth, and Jerry tried to reach second but was caught. Shugart spared McPhee and Genins scored. Welch drove McPhee in by the triple, scoring on a

O'Neil and Holliday gave the Reds five. Miller and Donovan hit sate and Smith got a base on balls. Sullivan fired in a wild pitch, missing Harrington's return and two runs scored. Beckley sent Smith home by a triple into O'Neil's territory after Tip made a great catch of Shugart's line fly.

Proke Stricker's Jaw. Boston, Aug. 4 .- The Baltimore team wer minus two regular players to-day. Last evening at the hotel Halligan struck Captain Stricker, breaking his jaw, and the former has been suspended. The players and patrons here say that Halligan should be blacklisted forever. Boston was again lucky and won by bunching their hits in two innings. Like yesterday, Baltimore came near winning in the ninth. Attendance, 1,964. Score:

EAST LIVERPOOL, O., Aug. 4.—[Special.]—Wilkinsburg, of the County League, defeated the Eclipse here to-day by the aid of a local umpire, who presented the visitors with three runs on decisions at the plate and deprived the locals of another at the same point. Mercer was not hit very hard, but his support at times was bad. Westlake, catcher for the Eclipse, will leave in a day or two for Mobile, Southern League. The score was as follows: 

Parker Grays, 7-Sieberts, 6, PARKER, PA., Aug. 4.—[Special.]—The Parker Grays defeated the Sleberts, of Pittsburg, here to-day by a score of 7 to 6. Base hits-Sieberts, 6; Parker, 10. Batteries—Parker, Davis and Sipler; Sieberts, Swards and Worthwang. Umpire—Halderman.

WE'LL have the Clevelands with us to-mor-A READER-As far as we know, Ewing is Cap-tain. THE Avalous beat the Silver Stars yesterday by THE local singgers intend to play a game at East Liverpool to-day. VON DER AHE has possession of his BILLY O'BRIEN, first baseman of the defunct In-

In Genius Comiskey has a jewel. With a little coaching he will be the star of the team. - Louisville In a lively game yesterday the St. John Sunday school nine defeated the St. James Sunday school PAT POWERS says the New Yorks need three pitchers, and that King is better than any available man he knows. PFEFFER wanted to give Comiskey Stratton for Muliane, but Commy said he did not want a pitcher half dead with fever. THE Clarion team defeated the Marienvilles by a to 7 on Wednesday, being the seventeenth victory for the Clarions in 19 games played. JACK LYNCH, the once famous pitcher, was in his day the most unreasonable of men on the salary question. He is now doing a policeman's duty at about \$2 a day. PRESIDENT GEORGE WAGNER, of the Washingtons, has at last corralled Joe Mulvey for third base. Joe says he wants to show people he is king of the position. A WELL-KNOWN baseball writer says that Pitts-burg is the jumping-off place for the man whose baseball career is ended. No one is surprised at the finale of the Burns matter.

THE Mansfields and the Tarentum, of the County League, will play at Mansfield to-morrow. The Mansfields are leaders in the County League race, and are putting up a great game. THE G. Miller team defeated a picked nine of players from the Farcella and Hillitops yesterday by 13 to 9. The game was played at Bailey Park, and the Millers state they were very b.dly treated. PITTSBI'BG paid Omaha a pretty stiff price for Joe Kelly's release to avoid trouble with that city.

-[Sporting Acce.] "Yes, Omaha received the fabulous sum of \$50 for Kel's release," says Sandy Griswold.

AFFER the late kalsomining at League Park the Globe-Democrat mused sadly: "If all the other clubs continue brushing on the whitewash, the Bruwns will soon be known as the St. Louis Whites." MILLER sizes up Burns' recent action as follows:
"What does Burns want with another suit? Why,
down East he changed clothes three times a day
and gave the ladies a treat by standing in front of
the hotel. He has more suits than any ball player
I know of, and ain't suitsfied." HATS off to President Temple, of the Pittsburg club. He takes a seat with the owners of the Philadelphia and Brooklyn clubs. No repudiation of housesty made contracts for him. So long as his men play good bail, so long will they receive the salaries for which they signed, and if he is compelled to grant a release, there will be no string attached to it.—New York Telegram.

TRACK RECORDS AND TALK.

Kirsch Makes a New Mile Record at Mon

mouth Park Track. MONMOUTH PARK RACE TRACK, Aug. 4 .-There was a comparatively small crowd here this afternoon, considerable less than 3,000 people being present when Hanquet, at eveus, won the opening race in easy fashion in 1:58. Despite St Michael's good race with Uncle Jess and Spartan last Tuesday,he was to the post for the Camden stakes, a 9 to 5 chance. He won cleverly from the 12 to 1 shot Chicago. In the Trenton stakes Hapenny and Air Shaft fouled each other all through the last quarter, letting Kirsch 6 to 1, win the stake in a drive. The time, 1:38, makes a new record for a mile over a

straight course.
Salvator made it in 1:85% in his celebrated race against time, but Kirsch's race of this afternoon may be chronicled as the existing mile record. Many of the speciators left the track very much in doubt as to the correctness of the time, but a strong wind was blowing down the track, and it greatly assisted the racers in the flight of speed. When Kingston was added to the list of starters for the Eatontown stakes, Demuth and Tournament were withdrawn in Kingston's favor. With 1 to 6 against him, the brown whiriwind won the stakes in a gallop, Tenny, after a hard fight, taking second money from Sir Matthew by a head. Jockey J. J. McCafferty and the Western contingent plunged on Estelle to win the flith event. She did so in a gallop, covering the sevent furlongs in 1244. Entre, the even money choice of the talent, took the closing six-furlong dash by a length from Julien and Roller. Five of the six races were won by favorites or well backed second choices. First race, one and one-sixteenth miles—Banmile record. Many of the spectators left

Kirsch being the 6 to 1 outsider. Summaries:

First race, one and one-sixteenth miles—Banquet, even, won easily by a length and a half;
Kildeer, 5 to 2, second by eight length and a half;
Kildeer, 5 to 2, second by eight lengths, whipping;

Third race, the Trenton stakes one mile—Kirsch,
6 to 1, won by two lengths, driving; Air Shaft, 2 to 1,

RAIN STOPPED THEM AGAIN.

Wet Weather Deals Bad'y With the Buffalo Grand Circuit Races,

BUFFALO, Aug. 4.—[Special.]—The Grand Circuit races for to-day have been postponed until to-morrow on account of the bad con-dition of the track caused by a heavy rain early this morning. Eleven events are still unfinished, including three stakes, and these are to come first, as they must be competed for after the 2:21 trot, four heats of which were decided yesterday. The \$5,000 stake for 2:27 trotters is on, and then comes that for 2:23 trotters, with the 2:23 pacing stake after. The delay will be a serious loss all after. The delay will be a serious loss all around, as many of the korses here will not have a chance to fill their engagements.

After Nellie R trotted the second heat of the 2:29 class in 2:21½ yesterday, John E. Madden bought her for a reported price of \$2,500. She is to go in at Rochester and Springfield in her class.

A. H. Moore, of Philadelphia, has secured the services of George W. Saunders as trainer. Saunders drove the demon, Clingstone, in his races against Edwin Thorne. He was afterward in charge of William Rockateller's stable, but went back to the turf last year. He will have all of Mr. Moore's flyers but Mambrino Maid, and she has gone to John Goldsmith, who took her West from Cleveland. Position, Evangeline and the rest leave Splan's stable this week, and are entered at Springfield, Mass., for the Grand Circuit week at Hampden Park.

A Great Stallion Dead. LEXINGTON, Aug. 4-A special from Cyn hiana, Ky., says: The great stallion Suitan, sire of Stamboul and 25 others in the 2:30 list, dropped dead at Abdallah Park this morning after being driven a mile. He was the property of W. T. Handy and the estate of W. H. Wilson. His owners recently refused 000 for him.

To Test the Wheels. Sr. Louis, Aug. 4.—Colonel Young, in charge of Jefferson Barracks here, in con-junction with local 'cyclists, is arranging junction with local 'oyclists, is arranging for several new tests of the ability of 'cycles in military maneuvers. As a thorough test of the wheel in courier experiments, for instance, it is intended to have horses cover the same territory, and so get the difference in time, etc., between the two. It is also more than likely that a big relay race will be arranged between St. Louis and Chicago.

The Keystone Road Rics. To-morrow afternoon at 4 o'clock the

mile road race of the Key stone Bicycle Club will take place, providing the weather is at all favoroble. Some of those who are entered have been rraining actively lately, and the result will likely be astonishing to those who have favorites picked out for winners. Some of them have taken occasion to go over the course and have become familiar with the road over which the race is to be run, and it would not be surprising if the riders would finish in a bunch or any rate yery close together. There will be it riders, whose names were published in The Disparch last week, and a open invitations have been extended to all wheelmen to witness the finish and start at Hayesville, the 215 train will probably be crowded. It will be a great race.

Miscellaneous Sporting Notes. WILLIAM MCMAHON, of the West End Gyms, won the one mile race at the Building Trades pic-nic Wednesday.

ALF KENNEDY has written to Jim Corbett suggesting that he and Myer work together at New Orleans and wear duplicate colors. FRED PLAISTED and Henry McDonaid, of Ottawa, have arranged to row a match race in singles, August 20, on the canal at Ottawa, for a purse of \$300.

CONSTANT READER—Sullivan contested against Frank Heraid in the Collsseum, Allegheny, in Sep-tember, 1886, and the battle only lasted one round, Chief Murphy stopping the encounter. You can't always judge from appearance. The racer with a nickie-plated wheel and a gliddy racing sult may be able to ride his mile in better than three minutes, though it is not likely that he can. EMIL Koos, of Oil City, wires the papers saying that he is in no way whatever connected with foot racing as the 'loafers identified with it.' He has nothing to do with challenges in which his name figures.

THE committee on prizes for a recent bicycle meet received as a contribution from the village sexton an indorsed order, "Good for one grave dug at any time within one year." The committee declined the gift. THE directors of the aquatic department of the Manhattan Athletic Club are not discouraged by the defeat of their pets by the New York A. C. senior eight at Santoga, but will enter them in the Middle States regatta, August 13.

Some good judges think that Harding, of the Manhattan A. C., is the coming man at the 120-yard high hurdles. They express the belief that he is api to show the way to either his clubmate. Copeland, or to Lewis, the A. C. S. N. man, at the fall championships.

The following is the list from which the Boston team will be selected to play against Philadelphia for the intercity cricket championship next Monday and Tuesday on the Longwood grounds: George Wright, L. Mansfield, G. Houghton, T. Pettitt, Combet, Fairburn, Thorpe, Mudie, Dutton, Muir, L. Houghton, Cracknell, Chambers.

JACK MCAULIFFE has written Bob Farrell to this effect: "I don't know of a better man than you to be in my corner, Bob, and if my backers agree to it I will have you there. Of course I will pay you well for your services, as good seconds are mighty scarce. There is, as you know, much bother and disadvantage in having a man in your corner who doesn't know how to handle you. When I fought Meyers at North Judson I had Dick Rocae, my backer, in my corner, and though he is one of the best friends I have got, he doesn't know a heap about seconding."

THE National Board of Steam Navigation meets at New York, September 12. All the ports in the country have representation at its annual meetings, and the organization has accomplished a great deal in the way of advancing the river interests: particularly is this so of the work during the past year. Captain Henderson, in speaking of the subject vesterday, said: 'The National Board has done and is now doing more in the interests of rivermen than any other organization. Within a year they have succeeded in having more obnoxious laws repealed than all other bodies put fogether. One of the laws repealed was that requiring a man to serve as a pilot or mate on some vessel a full year before he could hold a captain's commission. This was necessary no matter how the competent a man might be, but through efforts of this board this law was repealed, and now a man can become a captain as soon as he wishes. Another thing that has been done away with was the hospital fee that everyone on a boat was formerly required to pay. This fee was 40 cents a month, and the money collected each year was considerable. Through the same means the inspection fees have been done away with, and now a boat is inspected free of cost to the owner. A great deal of interest is taken by Pittsburg ravermen in this board and each year a large delegation is sent from here to attend its meetings. The following men have been elected to represent this city at the next meeting: S. S. Brown, W. H. McKnitev, W. J. Wood, Addition Lysie, W. H. Crump, W. B. Rodgers, O. A. Blackburn and John Moren.

MINOR M'KEESPORT MATTERS.

A Telegraph Pole War-Street Car Repair Shops-Horse Thieves.

McKresport, Aug. 4.—[Special.]—War is being waged by the city against the Western Union Telegraph Company, which is likely to be settled in court. Some time ago the Councils passed an ordinance which pro-vided that only octagonal poles be erected within the city limits. This was passed when the street car company asked permission to put up poles. The ordinance referred sion to put up poles. The ordinance referred to the car company and no other particular company. To-day the telegraph company attempted to replace the old poles with new ones. The workmen attempted to cut the old ones off and dig new holes, but the property owners rebelled in a manner which almost culminated in a fistic encounter. The Mayor being absent, the Chairman of Council was appealed to, and work was stopped. stopped. Stopped.

son last night, and an immense audience filled every seat and most of the standing room. Lew Dockstader's minstrels were in possession of the stage, and they could hardly have asked for a nicer match than the weather and the greeting—both were warm. If numbers and enthusiasm go for anything, Pittsburg showed last night that she wants summer theatricals. The Dockstader programme is new and entertaining enough in the main. Lew Dockstader, as usual, is the keystone in the arch, and his humor is just as dry and as infectious as ever. His songs do not include anything very startling in the way of wit, or catchiness, but a good deal of fun of one sort or another. His broad caricature of the President and Mr. Cleveland is very manghable of course, although the question of whether such things are in good taste or even decency might be asked. In any other country but this Mr. Dockstader would only burlesque the ruler of the land once—just think of such a performance in Germany—wheel But it must not be understood for a moment that Mr. Dockstader is not funny in everything he does. He is beyond all question one of the brightest comedians extant.

The songs of J. C. Harrington, the old Irishman's ballad German yodel song and plantation darky ditty, were excellent; the versatility of this actor is quite remarkable. He is a graceful dancer also. William Rowe's pedestal clog dance is a wonderful performance in its way—an awfully warm way last night one would think. There is a weakness in the sentimental end of the programme. Nothing so effective as last season's "Picture Turned to the Wall," was trotted out, and while Harry Leighton sang "My Mother's Goodnight Kiss" prettily enough, and J. M. Woods rendered "Bring Back the Old Smile" with delicate expression and much sweetness, it cannot be said that either song appeals to the heart, as some minstrel songs have done. It is curious, indeed, how narrow is the channel of melody and matter with popular song writers nowadays. For topical songs old airs are still preierred.
